

DETAILER'S CHOICE

TIRE SHEEN

TECH DATA

5091

Classification:

- Tire and Interior Dressing

Product Description and Purpose:

- **Tire Sheen** is a water based, medium gloss silicone dressing for automobile tires.

Features/Benefits:

- Rapid gloss development: Develops an immediate, deep gloss on tire surfaces
- Easy-to-apply: Just spray on tire surface, allow to dry
- Water resistant : Doesn't wash off the tire in rain
- Fast-acting: Doesn't run or build up on tires

Surfaces Applicable:

- All tires, vinyl and plastics

General Usage Directions:

- Use undiluted to dress tires after they have been cleaned through a carwash; new car dealership "prep" departments; used car lots; or auto detailers. Can also be applied to interior to "dress" vinyl and plastics.

Caution:

Keep out of the reach of children.
Harmful if swallowed. Avoid contact with skin, eyes and mucous membranes.

Physical Properties:

- | | |
|--------------------|----------------------|
| • Form | Liquid |
