FORTIFY

TECH DATA

6278**Classification:**

- Densifier-Sealer-Waterproofer

Product Description and Purpose:

- **Fortify** is an all in one densifier, sealer, waterproofer, dustproofer, hardener, is a one component water based silicone and lithium based solution. This product is designed for interior and exterior use to densify and aid in waterproofing cement based products. The densifier reacts with any free lime not assimilated in the process of hydration converting it to a gel like substrate that fills the pores of the cementitious surfaces.

Features/Benefits:

- For use on a variety of surfaces
- Densifier, sealer, waterproofer, dustproofer and hardener
- Interior and exterior use

Surfaces Applicable:

Includes, but is not limited to, concrete floors, walls, driveways, sidewalks, precast stone, masonry, and natural stone.

General Usage Directions:

100 to 800 square feet per gallon depending on porosity, finish and application technique

Physical Properties

- Form Liquid
- Color Clear
- Odor Mild
- pH 12-13
- Specific Gravity 1.025-1.05
- Boiling Point >212°F

Package Sizes & Product Numbers:

- 4x1 case 6278-B4
- 5 gal 6278-B5
- 15 gal 6278-D15
- 30 gal 6278-D30

Caution:

Keep out of reach of children. Keep container tightly closed when not in use. Protect from freezing. For industrial use only. Read Safety Data Sheets for more information.
