TAR-MINATE

TECH DATA

5381

Classification:

- Detail Cleaners

Product Description and Purpose:

- **Tarminate** is a concentrated neutral emulsion cleaner for removal of grease and tar. It can be used on all metals and paint because it is formulated to contain no free alkali, acid or abrasives. It can be used straight or diluted with kerosene or safety solvent to penetrate and dissolve heavy encrusted grease and tar quickly and thoroughly. Also used with water for lighter soil loads. Can be used by applying for spraying, mopping, brushing, and wiping on or as a presoak to subsequent metal prep operations.

Features/Benefits:

- Concentrated
- Economical to use
- Dissolves tar quickly and effectively

Surfaces Applicable:

- Safe on paint, leather, cloth, plating, chrome and all metals.

General Usage Directions:

- Apply straight for removal of tar or grease then rinse with water.
- For floors mix 1:8 parts water, mop and rinse.

Caution:

Keep out of reach of children. Keep container tightly closed when not in use. Protect from freezing. For industrial use only. Read Safety Data Sheets for more information.

Physical Properties:

- Form Liquid
- Color Clear
- Odor Solvent
- Specific Gravity 0.83
- Boiling Point 110°F

Package Sizes & Product Numbers:

- 4x1 case 5381-B4
- 5 gal 5381-B5
