TIRE GLAZE

TECH DATA

5051

Classification:

- Tire Dressing

Product Description and Purpose:

- **Tire Glaze** is a solvent based, high-gloss silicone dressing for automobile tires.

Features/Benefits:

- Rapid gloss development - Develops an immediate, deep gloss on tire surfaces
- Apply undiluted - Just spray on tire surface, allow to dry
- Water resistant - Doesn't wash off the tire in rain
- Fast-acting - Doesn't run or build up on tires

Surfaces Applicable:

- Use to dress tires after they have been cleaned at full service or exterior-only car washes; new car dealership "prep" departments; used car lots; or auto detailers.

Caution:

Keep out of reach of children. Keep container tightly closed when not in use. Protect from freezing. For industrial use only. Read Safety Data Sheets for more information.
